LIVE THE LITURGY - INSPIRATION FOR THE WEEK

Whoever is not against us is with us. Is your image of God bigger than the labels and categories into which we often place Him? God has been acting in our world from the beginning of time and has been intimately wedded to creation for thousands of years before the creation of humanity. Did you ever consider that God was present when dinosaurs traveled the earth? God's presence surprises us, but He can be clearly seen when people, regardless of their faith or creed, rise to the occasion and do the right thing. We have seen this countless times throughout history when people have put their differences aside, sacrificing their own security and needs to help others. God is much larger than we make Him out to be. Try to be present and mindful and not miss God working in all moments of life. If we are not attentive, God's presence can go unnoticed.
